About Me

I am Ashiq , pursuing Computer Science and Engineering (Integrated MTech) in VIT Vellore with a decent CGPA of 9points. I am an enthusiast in coding and learning new technology and programming languages like Python, Javascript, Solidity, Rust. I have good knowledge in computer basics like DBMS, OS and Microprocessors. I am easily able to adapt to environments and new skills in the market currently developing and that excites me so much. I am currently looking for internship related to as an software developer/engineer with my profound skills and talents.

WORK EXPERIENCE
